

**Please, structure the Data Paper as follows:**

**Title page (this should be a separate page)**

**Title:**

**Authors:**

**Affiliations:**

**Acknowledgments:**

**Authorizations:**

**Main text file**

**Title:**

**GENERAL INFORMATION**

**Species name:** (list all species involved in your data collection)

**Geographic area:**

**Period:**

**Type of data:** (e.g., morphometrics, stomach contents, weight,...)

**Reference to the dataset:** Use your preferred repository (e.g., figshare, dryad) and add the full citation including DOI. Please note that Reviewers must have access to the dataset.

**ABSTRACT**

**Data Descriptor.** (Add here a brief abstract of 150-200 words)

**METHODOLOGY**

Provide as much detail as possible on the methodologies adopted for data collection

**DATASET DESCRIPTION**

Describe your data (e.g., explain each column and the possible values)

**SUMMARY OF DATA**

Descriptive statistics of the dataset (tables and figures are also allowed)
