

QUALITY AND EFFECTIVENESS OF THE BUILDING PROCESS

TECHNE 06|2013

06 | NOTE

Roberto Palumbo, Angelo Ciribini, Antonello Sanna

EDITORIAL

- 12 | **“Values, Quality and Effectiveness” in public works production and management processes in Italy**
Giorgio Giallocosta, Maria Chiara Torricelli

DOSSIER

- 18 | **Building. The pain of production. Free opinions for a free discussion**
Ferdinando Terranova
- 22 | **Renewing the models of process through digital design: the challenge launched by ADITAZZ with the “Small Hospital - Big Ideas” International competition**
Romano Del Nord

ESSAYS

- 28 | **Introduction to the Technology Day, Turin, June 21, 2013**
Gabriella Peretti
- 30 | **The scientific work of Giuseppe Ciribini**
Daniela Bosia
- 34 | **On Technology of Architecture: a conversation on Giuseppe Ciribini**
Angelo Ciribini
- 43 | **Memory of the future: round table discussion about Giuseppe Ciribini**
Ernesto Antonini (edited by)
- 48 | **Requalification pilot projects of Nearly Zero Energy Building for “smart” district and cities**
Enrico Dassori, Renata Morbiducci
- 55 | **Toward the simplification of the design process chain to optimize the productive processes to improve innovation and competitiveness**
Emilio Pizzi
- 63 | **(Industrial) Research on Building Production: results and future developments**
Giuseppe Alaimo

RESEARCH & EXPERIMENTATION

- 69 | **Programming instruments as strategic devices for efficiency in the implementation processes of public utility works**
Alessandra Cucurnia
- 75 | **Effectiveness, sustainability and quality. Criticality of the building process in public works in Italy**
Rossella Maspoli
- 81 | **Demand for quality and design ideas competition: experimentation to discover good practices**
Maria Luisa Germanà
- 90 | **Level of Detail and Level of Development: Commissioning processes and Information Modelling**
Angelo Ciribini
- 100 | **Application of project risk management and performance indices in the construction sector: a case study**
Andrea Ciaramella
- 109 | **The control, at the design stage, of risks related to buildings management over time**
Claudio Martani, Cinzia Talamo, Giancarlo Paganin

- 117 | **Tools and procedures for a “maintenance oriented” design for buildings of worship**
Cinzia Talamo
- 125 | **Design enhancing instruments: Post Occupancy Evaluation in Hospice Design**
