

CALL FOR PAPERS | TECHNE | 21

Journal of Technology
for Architecture and
Environment
redazionetechne@sitda.net

**PUBLICATION
DATE
TECHNE | 21
APRIL 30TH, 2021**

Authors are invited to send an abstract of **4.000 characters**, spaces included, in Italian - or English, in case of foreign author - which must include the main contents envisaged by the article to be proposed. **Each author can submit only one abstract** (individually or within a group of authors). The abstract

must be written in a concise and clear manner, making an effective response to the CALL theme and following the track of the following points:

- object of the proposal and aim of the article;
- approach and/or methodology.

The authors are required to specify whether the contribution is intended for the "Research and Experimentation", "Essays and Points of View" or "Advanced Search (Under35)" section and to indicate the relevant topic.

Abstracts without indication of the type of contribution and topic will be taken into consideration.

In particular, the article "Research and Experimentation" and "Advanced Research (Under 35)" will have to highlight:

- approach and / or methodology;
- results: analytical, propositional and debate aspects;
- originality: explaining what is expressed again and for whom;
- limits of research and significant developments;
- cultural, practical and / or socio-economic implications (when present);
- reference research / research, relevance of the topic, subjects involved, possible financing.

In the case of an article for the "Essays and Points of View" section, attention should be paid to:

- cultural and scientific background related to the subject matter;
- analytical aspects, critical framework or debate on the topic;
- approach and / or methodology.

For both sections, the abstract has to be introduced by specific keywords, reflecting the essential elements of the paper (max 5).

Non-compliance with the indications will constitute a reason for exclusion. The abstract has to be sent to redazionetechne@sitda.net by **May, 31th 2020**, using the sheets attached to this call.

The authors of the accepted abstract will receive information by the Editorial Team starting from **June, 23th 2020**. Once the abstract has been accepted, the authors are invited to submit the paper by **October, 02th 2020**. The received abstracts will be submitted, anonymously and purified of the elements of possible identification, carried out by the Board selection.

The paper has to respect the limit of max:

18.000 ÷ 20.000 (characters, spaces included) in the case of single author;
24.000 ÷ 25.000 (characters, spaces included) in the case of multiple authors;
including notes, images/ ables (max 8), captions and bibliography (max 5 references).

Authors of accepted contributions, reviewed by double blind peer review by referees, will receive the results by **November, 27th 2020** and the final draft of the article, eventually integrated on the basis of the referees' observations, must be delivered by **January, 22th 2021**. The articles must be written entirely in Italian and translated into English (including image captions and the texts of tables). The texts, bibliographical references, images and notes must comply with the "Regulations for Authors", shown on the magazine's website at the address: <http://www.fupress.net/index.php/techne/information/authors>.

Failure to comply with these rules may determine the non-acceptance of the paper.

The procedure of acceptance and revision of the articles is declared at the address: <http://www.fupress.net/index.php/techne/about/editorialPolicies>.

For more information, refer to the magazine's website: <http://www.fupress.net/index.php/techne/index>.

Policy Full Open Access. TECHNE is a Full Open Access Journal, which guarantees that no university library or individual reader will ever have to buy a subscription or buy access through pay-per-view fees to access the articles published in the Journal. Hence, TECHNE does not have any income from selling subscriptions to the print or online version of this journal or from pay-per-view fees. In order to cover the management costs of the Journal and of the publication process through a peer-review procedure, the Journal uses a form of conditional submission fee referred to as Article Processing Charge (APC). The fee is only requested if the article is accepted for publication in this Journal after peer-review and possible revision of the manuscript. Note that many national and private research funding organizations and universities explicitly cover such fees for articles originated in funded research projects. The publication fee for each article is:

- **euro 200 for SITdA members;**
- **euro 280 for the authors who are NOT SITdA members.**

These amounts are VAT exempt pursuant to art. 4 of Presidential Decree no. 633/1972. In case of multiple authors, if one of the authors is a SITdA member, it will be possible to pay the publication fee stated for SITdA members.

The contribution has to be paid to SITdA onlus, according to the instructions which will be delivered if the paper is accepted for the publication, a precondition is to fill out the data sheet here attached.

A section devoted to **papers of advanced search**, proposed by **researchers under 35**, is foreseen: papers (up to 2) which receive an "Excellent" evaluation in the abstract selection and subsequent double blind review, **will be published by SITdA** with no publication fee.

Considering also the contributions of several authors, **an author may appear only once in the same number and may not publish on two consecutive issues of the magazine.** The members of the Board and of the Scientific Committee can publish papers with a time interval of one and a half years, also considering contributions with multiple authors.

ABSTRACT: Research and Experimentation - Advanced Research (Under 35)

Cod.

All fields must be filled. Don't include specific identifying elements in the text of the abstract, including the department of affiliation (you can anyhow quote the University, which does not represent an element of recognisability)

Topic (indicate only one) 1. 2. 3. 4.

Title (max 95 characters, including spaces)

Keywords (max 5)

Approach and/or methodology (max 1.000 characters, including spaces)

Results: analytical aspects, proposals, debates (max 1.000 characters, including spaces)

Originality: by explaining what is new and for whom (max 500 characters, including spaces)

Limits of the research and significant results (max 500 characters, including spaces)

Cultural implications (practical or socio-economic) when present (max 500 characters, including spaces)

Reference to research/researches (formalized by administrative acts and by the presence of third parties), relevance of the topic, subjects involved, eventual fundings (max 500 characters, including spaces)

References (max 5 references – with a maximum of one bibliographic contribution, where the author of the abstract appears as an author of the reference)

ABSTRACT: Essays and Point of View

Cod.

All fields must be filled. Don't include specific identifying elements in the text of the abstract, including the department of affiliation (you can anyhow quote the University, which does not represent an element of recognisability).

Topic (indicate only one)

 1. 2. 3. 4.

Title (max 95 characters, including spaces)

Keywords (max 5)

Cultural and scientific background with regard to the proposed topic (max 1.500 characters, including spaces)

Analytical aspects, the state of the art of the critical fields and debates on the topic (max 1.500 characters, including spaces)

Approach and/or methodology (max 1.000 characters, including spaces)

References (max 5 references –with a maximum of one bibliographic contribution, where the author of the abstract appears as an author of the reference)
